

NTO DEMO

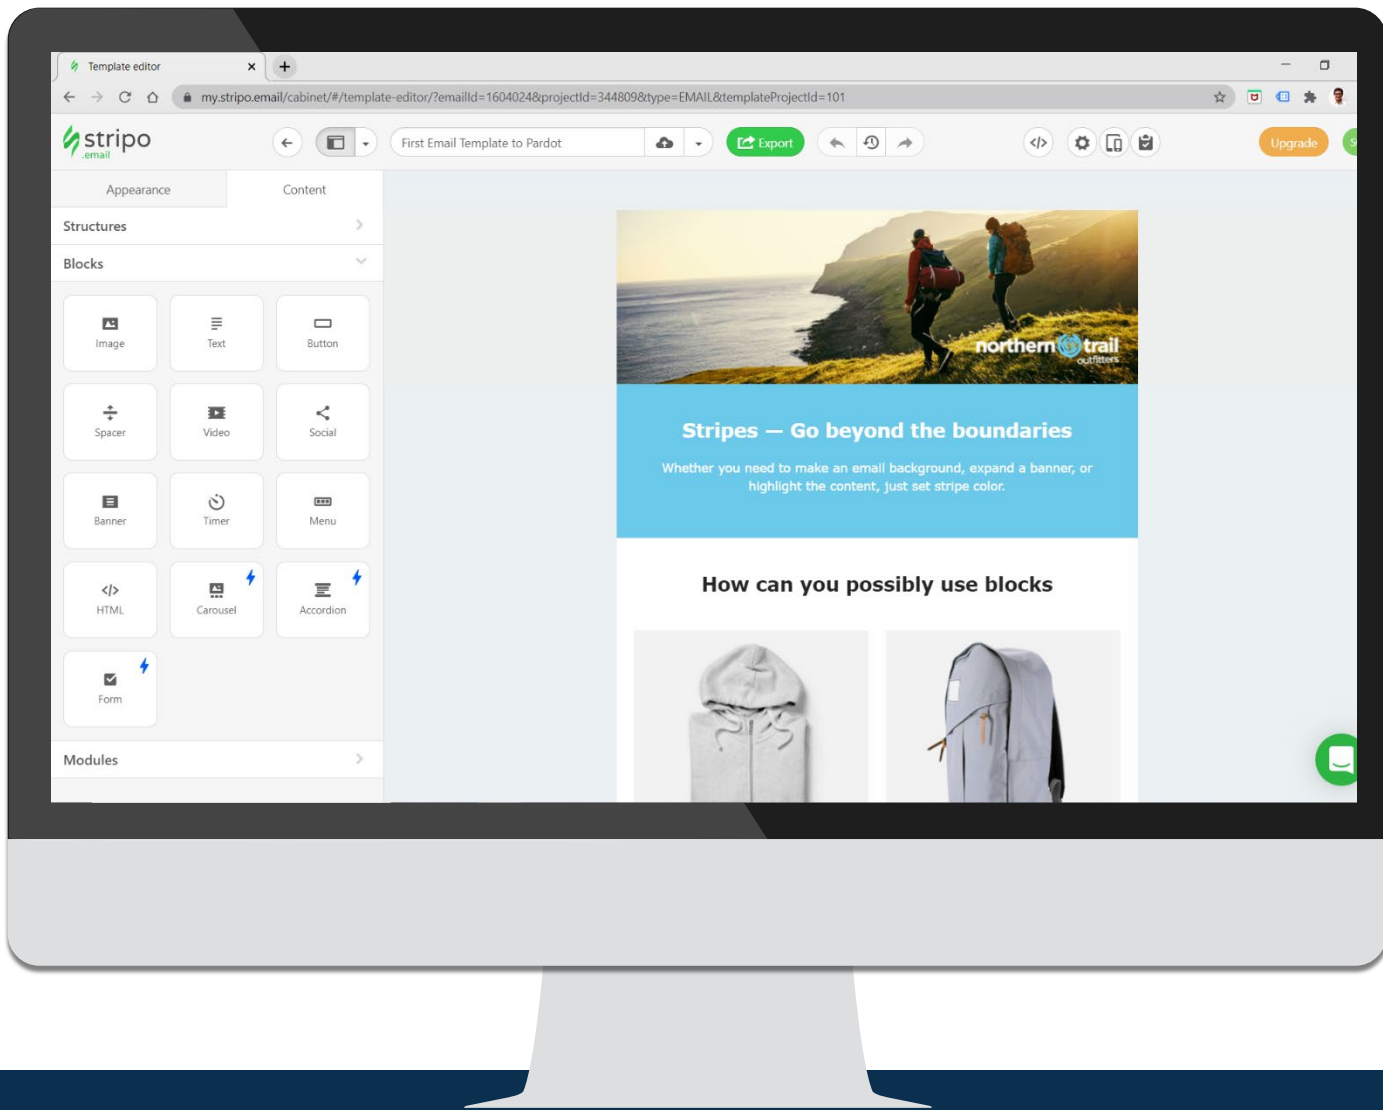

EMAIL DESIGN USING STRIPO & PARDOT

Email Design

Using NTO, Salesforce's fictional brand, I created a mobile-first email template in Stripo, an all-in-one platform for creating email templates, and then export it as an HTML to send it using Pardot, Salesforce's Email Marketing B2B platform.

Email Design

Why use a tool like Stripo? It's drag & drop functionality allows users to create really beautiful and fully responsive email without having to apply too many code.

A scenic landscape photograph featuring two hikers with large backpacks walking along a grassy ridge. The hiker in the foreground is wearing a red jacket and dark pants, while the one behind is in a blue jacket. They are looking out over a vast, blue ocean under a bright, golden sky, suggesting a sunset or sunrise. The overall mood is peaceful and adventurous.

THANK YOU
